

Invesco Global Consumer Trends Fund Z USD Acc

Active management style and bottom-up stock selection led to 1st quartile performance over 10 years

30 seconds: Why we believe in this fund

- **Global multi-thematic equity portfolio** differentiated in the market by emphasizing investments harnessing increasing connectivity and changing demographics to capture share-lift in consumer behaviors, and doing so globally, across sectors, investing up and down the market cap spectrum.
- **Bottom-up** stock selection approach to determine companies best able to capitalize on key themes driving consumer spending. **E-commerce, subscription based business models, video gaming, metaverse, autonomous driving, electric vehicles and online dating** represent large parts of the portfolio
- **Experienced and stable investment team:** Fund is managed by Ido Cohen (26 yrs. experience) and Juan Hartsfield (CFA, 23 yrs. experience) since 2011
- **Outperformed its reference benchmark** in 67% of all monthly 3-year rolling periods and is one of the best performing funds within its peer group over the past 10 years
- **1st quartile return** in the long run (10years). After a choppy year 2022, the fund is back in the top half of its peer group in YTD.

Risk Warnings

For complete information on risks, refer to the legal documents. The value of investments and any income will fluctuate (this may partly be the result of exchange-rate fluctuations) and investors may not get back the full amount invested. As this fund is invested in a particular sector, you should be prepared to accept greater fluctuations in the value of the fund than for a fund with a broader investment mandate.

Investment Objective and Policy: The Fund aims to achieve long-term capital growth from a global portfolio of investments in companies predominantly engaged in the design, production or distribution of products and services related to the discretionary consumer needs of individuals. For the full objectives and investment policy please consult the current prospectus.

The investment concerns the acquisition of units in an actively managed fund and not in a given underlying asset.
